**EFFECTIVE TEACHING -
LEARNING FOR DEVELOPING
COMMUNICATION SKILLS**

10th to 14th December, 2018

ABOUT

It is believed that the most important resource of any educational institution is its faculty members, who teach & nurture the students and also prepare them to cater the needs of society and industry. Keeping in sync with this belief Baba Farid College of Engineering & Technology (BFCET) organizes faculty development programme (FDP) in order to deal with rapid changes and shifting paradigms in education. Without such programme, teachers are reduced to instructors presenting their knowledge of the subject by one-way lecturing.

Faculty Development Programme refers to range of activities that helps academicians in improving their professional skills that are vital for carrying out their teaching and research. It also develops administration qualities such as assessment, designing improved & effective curriculum, assistance to faculty members in getting their research project funded from Government and Corporates, FDP also works to enhance the ICT skills, to carry out consultancy projects improving the institute's climate by educating & transferring of knowledge which involves generation of new ideas & techniques for organizational leadership & mentoring etc.

FDPs are categorized in three ways instructional development, personal development and organizational development. The first one includes practice such as curriculum development, teaching diagnosis and training. Personal development generally involves activities to encourage faculty growth, for example enhancement of interpersonal skills, career counseling etc. Organizational development aims to advance the institutional environment for research and innovation.

Baba Farid College of Engineering & Technology has been always practicing innovating teaching practices to attain its mission of being committed to excellence in education, research and training, use of contemporary participant-centric pedagogies and teaching methods and establishing a presence in emerging segments of technical education sector. In this endeavor BFCET is committed to provide research and teaching skill enhancement programmes for fellow faculty members. This Faculty Development Programme (FDP) is carefully designed to bridge the gap in quality research and teaching skills that are required in contemporary technical education.

OBJECTIVES

- To enhance the Communication Skills of the Faculty Members.
- To impart knowledge to the Faculty regarding the importance of Appearance.
- To inculcate with the faculty members a sense of using correct and requisite gestures while delivering a session.
- To assist the Faculty members in enhancing their Presentation Skills.

PROGRAMME CONTENTS

- Communication
- Presentation Skills
- Gestures while delivering a Session
- Appearance

EXPECTED OUTCOME

- There will be an enhancement in the presentation skills of the faculty members.
- While delivering sessions the faculty members will use the requisite gestures.
- The faculty will impart knowledge to students in a more enhanced manner after working on their communication skills.

PROGRAMME DURATION

10th to 14th December, 2018

EVENT COORDINATOR

Er. Gaurav Narang

Assistant Professor, Civil Engineering
